

PRIYANSHU CHOUDHARY

PROFILE

I am a versatile and innovative programmer proficient in HTML, CSS and JavaScript, with expertise in Web development. My skills span front-end (HTML, CSS) and back-end (JavaScript) technologies. Noteworthy projects include the E-commerce website on stationery, And a School website which tells anything about School, a TECH NEWS website, also developed a movie website called Filmy Junction. Passionate about leveraging technology to solve real-world problems, I am eager to contribute to a dynamic team, fostering continuous learning and growth in my role as a developer.

WORK EXPERIENCE

AWS & DevOps

2022 - PRESENT

Seasoned IT professional with expertise in AWS and DevOps. Proven track record in scalable solutions, adept in key AWS services and DevOps tools. Holds certifications in both areas, excelling in optimizing deployment processes for enhanced efficiency.

Inhouse Summer Training

2022

During my one-month training at college, I delved into Web development, where I acquired hands-on experience and successfully completed a project centered around Football. My responsibilities included coding and collaborating with the team to ensure project success. This experience enhanced my skills in web development and provided a practical understanding of the development life cycle.

Training, Dotsquare

2023

During my two-month training at Dotsquares, I delved into Web Development, where I acquired hands-on experience and successfully completed a project centered around E-Commerce Website. My responsibilities included coding, and collaborating with the team to ensure project success. This experience enhanced my skills in Web development and provided a practical understanding of the web development life cycle.
